SERIAL No. 8

Enclosures No. 2

General No. 931 of 1896-97
No. 867

In forwarding herewith for favor of sanction and return a revised estimate for Rs: 570/- for improving the descending well at Kavadegurki in the Chitaldroog Taluk, I have the honour to state that for reasons set forth in the remarks Column of the accompanying statement the revision of the original estimate was deemed necessary and a revised estimate has accordingly been submitted for sanction.

2. The amount of Rs: 128/- in excess of the original estimate will be met from the

the additional grant of Rs: 10,000 sanctioned from Local Funds Account in Government Proceedings No. 59 D. dated 21st March 1897 for the current year.

3. Steps have been taken to execute the work as per revised Estimate in anticipation of sanction so that it may be completed by the end of the current official year, as the amount involved is very small.

Yours obedient servant

President D. F. Board
Chittaldroog

and revised Estimate for improving the Wall in the Chilalderoy Valook.

ised		Difference			Remarks.
ost		Q	Rate	Cost	
2			6	97	The rate provided for this item in the original Estimate is reported to be inadequate. The Contractors refuse to execute the work at that rate and consequently an encs rate of 6-4 per cyd: has now been allowed.
		13		20	
		3		4	
					The height of the parapet wall provided in the original Estimate was considered to be insufficient and hence it is proposed to raise it by 1 yard. Item No 4 calls for no remarks as the encs amount is below Rs: 10/.

The Comptroller, with copy of Abstract Estimate.

part of the revetment built

gave way owing to the foundation

having not strong enough to

bear the weight put upon it

The ground was loose and

appeared strong enough to bear

the revetment but the action

of water which suddenly

rushed onto it in the heavy

rain of June 1897 when the

revetment had only been

partly built weakened the

foundations and led to the

collapse of the side wall.

this event took place it

has been decided to erect

a fountain in the village

leading off a pipe from

of the main pipes of the
Chetput City water supply
project. The well is therefore
not necessary now and shall
put a stop to the works. It
has to be filled up, however,
as in its present condition
it is a source of danger to the
life and health of the inhabitants
Have in anticipation of the
sanction of Government in
directed the filling up of the pit
as the work could not be delayed.
It was an old descending well
and the filling up is estimated
to cost Rs 292. This sum will be
met partly from the unworked
portion of the estimate sanctioned
for the works and the balance

from the grant sanctioned for
village sanitation. I beg that
sanction may be accorded
to the action taken in the matter.

I have the honor to be,
Sir.
Your most obedient Servant,
[illegible]
Deputy Commissioner
